Re: Election Systems & Software, Inc (ES&S) ECO-1165 Submitted for Approval

Dear Sue McKay

The EAC has reviewed Engineering Change Order **ECO-1165**, including supporting documentation and analysis provided by the voting system test lab. This minor change of adding a security gasketing kit onto the tote bin does not alter the system's reliability, functionality, capability, or operation. Based on the information provided, it has been determined that no further testing is necessary.

The systems impacted by this ECO are:

EVS 5.2.4.0, EVS 6.0.2.0, EVS 6.0.2.1, EVS 6.0.4.0, EVS 6.0.4.3, EVS 6.0.6.0,
EVS 6.1.0.0, EVS 6.1.1.0, EVS 6.2.0.0, EVS 6.3.0.0, and EVS 6.4.0.0

This correspondence is to inform you that Election Systems & Software, Inc (ES&S) **ECO-1165** is approved.

Sincerely,

Brooke Watters
Senior Election Technology Specialist
U.S. Election Assistance Commission
